

# SAMSUNG LABGEO PT10

Advance in 7 minutes

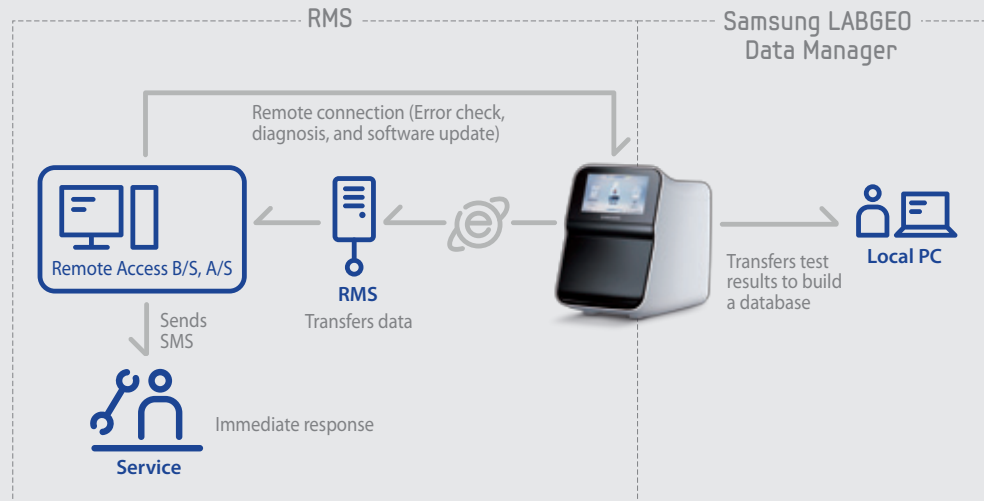

- Rapid Performance** | Test results within 7 minutes
- Convenience** | Fully automated clinical chemistry analyzer  
Small sample volume requirement (70µl)
- Multiple Test Parameters** | Simultaneous screening technology  
liver function, renal function, diabetes, etc.
- Space and Time Saving** | Space saving compact design  
Easy to install and use

**SAMSUNG**

## Key Features

Size / Weight	175 x 120 x 200mm / 2.0kg
Test Capabilities	16 clinical chemistry, 5 electrolytes, HbA1c
Standard Tests	Liver function, Renal function, Lipid profile, Biochemical profile for multiple disease screening
Sample Volume	70µl
IT Solution	Samsung LABGEO Data Manager
Proactive Service	RMS (Remote Management System)

## Cartridge Configuration for Standard Tests

Liver function, Renal function, Lipid profile and overall biochemical profile for multiple disease screening

Cartridge

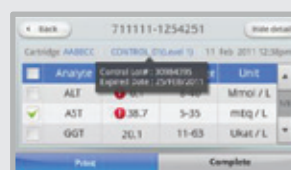

Liver+Kidney	AST ALT GGT TBIL DBIL GLU ALB TP BUN CREA ALP Na K CI
Liver	AST ALT GGT TBIL DBIL GLU ALB TP ALP
Lipid	CHOL GLU HDL(LDL) TG
Kidney	GLU BUN CREA Na K CI
General 1	AST ALT BUN CREA ALP UA
General 2	AST ALT GGT CHOL GLU CREA HDL(LDL) TG
General 3	AST ALT GGT TBIL CHOL ALB TP BUN CREA HDL(LDL) TG ALP AMY
CMP	AST ALT TBIL GLU ALB TP BUN CREA ALP Na K CI Ca tCo2
BMP	GLU TP BUN Na K CI Ca tCo2
Electrolyte	Na K CI tCo2
HbA1c	HbA1c

\* Cartridge configuration may vary between countries

## Intuitive and Simple UI
